## Big Improvement to Start On Railroad

**Southern Pacific Will Begin Retieing and Railing Near Spreckels--\$82,000 Appropriation For This Branch**

A large construction crew will soon be at work in the vicinity of the Spreckels ranch between El Verano and Glen Ellen, laying down the new ties and putting in the heavier steel rails called for in the appropriation of \$82,000 made sometime ago for improvements on the Sonoma Valley branch of the Southern Pacific, between South Vallejo and Santa Rosa.

The work has been laid out so that the gang of men employed by the company can begin on high ground and do that portion of the road between Spreckels and Santa Rosa first. They figure to do a mile a day. The next unit to be done will be between Spreckels and Buchli and then on down to South Vallejo.

This is the first big work done on this branch since it was built through the valley twenty years ago. The service has been improved recently, the trains leaving South Vallejo more promptly and

with a better road bed, faster time will be made.

The work is supposed to be completed by July the fourth.

## FINE AFFAIR AT GLEN ELLEN.

**Pancrazi Auditorium Thronged With Dancers at Opening Monday Night.**

Glen Ellen was the mecca of all lovers of a good time Monday evening when the fine new Pancrazi auditorium was thrown open to the public for the first time. There were dancers from all over the county and many from San Francisco and Oakland, while Glen Ellen itself was well represented for everyone up there is loyal to the affairs given in that portion of the Valley and to new attractions such as the auditorium will be all summer for devotees of the dance in that vicinity.

It was a fine crowd and every one pronounced the maple floor excellent, while the music by Guidotti brothers could not be excelled. The hall was tastefully decorated in tall ferns.

A cordial welcome was extended the guests by Mr. and Mrs. Pancrazi, their son, Julius and the daughters. Josephine Pancrazi was becomingly gowned in Nile green taffeta, while her sister Marion wore a pretty pink charmeuse.

After many fox trots, three steps, waltzes and two steps, the dancers repaired to the dining room where an elaborate supper was served. Dancing then continued and it was daylight before the merry-makers departed for their homes.

The opening was a big success in every way and the auditorium promises to be a great attraction all season both for dancing and moving pictures which will shortly be inaugurated.

## WILL MAINTAIN OWN OFFICE.

Wells Fargo & Co. has decided to open a regular branch office in Sonoma instead of having its business conducted in connection with other firms as it has been heretofore. With the resignation of Mr. Duhring as agent, the Express company was forced to make new arrangements and it has been deemed advisable to maintain its own quarters in Sonoma after the first week in March, when Duhring's store will no longer be the location of the office. Just where the company will open its new place, has not been announced although the Castex building on Napa street is a likely prospect.

There was some talk of Claude Johnson or F. Higgins, brother of the Northwestern messenger, acting as resident representative of Wells Fargo, but it is now practically certain that the Company will send one of its own men to take charge here immediately after the equipment is assembled and definite quarters established. A regular Wells Fargo wagon and other paraphernalia will arrive the coming week.

## WOMEN PLAN FINE FETE.

**May Festival and Shakespearean Pageant to be Given by Woman's Club for Club House Fund.**

Plans are being perfected by the Woman's Club for one of the finest out of door-fetes ever held in Sonoma Valley. A May festival and Shakespearean pageant will be given on April 29th and will conclude with a grand ball in the evening.

The affair will be held on the High School grounds under the trees and an open air theatre will be improvised and seating arrangements made for several hundred people who will witness the grand spectacle in preparation. Fully forty players will be in the cast of the pageant and many more in the May festival which will include participants from all the School districts. Miss Benjamin of El Verano, the senior member of the class of 1916 of the High School will be queen and will be assisted by a number of ladies in waiting.

All schools presenting an act before the Court, will be complimentary guests at the fete. It is expected that a number of fine drills, some folk dancing and other features will be presented. The pageant, which is in honor of the Shakespeare Tercentenary, promises to develop a very cleverly evolved picture of the most stirring scenes and beautiful characters from the plays of the famous Bard of Avon. About six plays will furnish material for the pageant probably Macbeth, As You Like It, Midsummers Night Dream, The Merchant of Venice, Hamlet and Twelfth Night.

Finely costumed and acted out with orchestral music accompaniment, the spectacle should be the most ambitious and inspiring affair ever given in Sonoma.

Mrs. Kate Hill, lecturer for the State Grange and member of the Probation Committee of Sonoma County's Juvenile Court, was in town from Eldridge Thursday. Although Sonoma Valley affectionately claims Mrs. Hill, she is so much in demand throughout the State in the interest of the big work she has undertaken that we get little of her time.

Miss F. Winkle has suffered a severe stroke of paralysis during the past week, which caused her relatives considerable apprehension.

The Bridge Club met Thursday at Mrs. Sam Haven's. Mrs. W. B. Hays won the prize, a handsome pair of embroidered guest pillows.

## WILL PLIGHT TROTH TOMORROW

**Miss Ethel Kinne Will be Married to E. D. Dennison at Quiet Ceremony**

A pretty and quiet ceremony will unite Miss Ethel Kinne and E. D. Dennison in marriage tomorrow at the Rambo home. Rev. Mr. Waltz of the M. E. Church will officiate and only the immediate family will be present. The simple arrangements for this pretty home wedding is characteristic of the unostentatious bride elect whose great charm is her innate simplicity and unassuming sweetness of personality. Because of this very trait, she has endeared herself to a large circle of most loyal friends and the days preceding her wedding day have been one long chain of tokens and felicitations from countless well wishers with the result that she has the most beautiful gifts of linen, silver, needlework and bric-a-brac, ever showered on a Sonoma bride. These beautiful remembrances from her friends she will take with her to the pretty new home the groom has prepared for her in Tuxedo Park, Stockton's resident suburb.

Mr. Dennison is a widower and is a prosperous shipping man of the San Joaquin. While not widely acquainted here, he has won the esteem of all who have met him and he has been deluged with congratulations on having won so splendid a girl as Ethel Kinne for his bride. The Index Tribune joins in wishing the couple every happiness.

## Will Not Open on Monday.

The Grammar School building has been a busy place all week. The furniture arrived Tuesday and a corps of workmen, including Principal Prestwood, have been working constantly to get ready for the opening of school. Despite their best efforts so much remains to be done, that it will be the middle of the week or next before classes will be resumed, such is the announcement of Dr. A. M. Thompson of the Board of Trustees.

The equipment purchased through the local firm of F. Clewe, is very attractive and includes fine linen colored shades, desks, opera chairs and a piano for the auditorium. The teachers' desks and chairs are particularly worthy of mention being the most modern type of school furniture.

As we go to press, Trustee Dresel inform us that the Grammar School will re-open Monday morning, March 6th.

## GETTING POLITICAL POT TO BOIL

**It is no Easy Matter With Result There is Much Urging to Get Candidates to Come Out. —Murphy is Not a Candidate**

"Bubble bubble, toil and trouble," such must be the deduction of our leading citizens regarding the political pot which despite the fast approaching day of the big potlach, continues to be woefully lacking in energy. City Clerk H. W. Gottenberg and Treasurer W. F. Clewe incumbents have declared themselves candidates for re-election and Trustee George Breitenbach has declared that he might be induced to guard the finances of the city for another term provided the proper encouragement is given him. Trustee Johnson whose term expires with Mr. Breitenbach says he is tired of the lime light and will retire from politics.

So anxious have the officious become to launch candidates that there has been some "spouting" relative to W. L. Murphy's aspirations to sit in the council. There is no truth whatever in the report. It was a case of those being badly tangled and we are glad to get him straightened out and back on the proper reel. The name of Mrs. Burlingame was also mentioned as a likely one to appear on the ballot at the forth coming election, but when interviewed by an Index Tribune representative, the well known club woman denied that she had any intent to seek the office of trustee.

George Lowell, a prominent orchardist and property owner has been waited on by an earnest group of citizens but Mr. Lowell declined. Fred Bullotti, business man and property owner, whose office building is one of the finest in town has also been mentioned as a possible member of the next Board of trustees.

J. Mabendie, F. Pinot and L. Lachergue of San Francisco were guests of Mr. and Mrs. Bideau last Sunday.

## Native Sons Observe Holiday.

Washington's Birthday was observed here by the Native Sons who gave a very successful ball for the benefit of the Homeless Children fund.

The Native Daughters served the refreshments and altogether about sixty or seventy dollars was realized for the worthy cause. The ball was well attended and the floor ably managed by Messrs. Tomasi, Von Hacht and Helberg.

## Von Geldern Views Water Plant

**Eminent Engineer is Here to Make Valuation of Sonoma City Water Works For Owners**

Otto Von Geldern the eminent civil engineer, is in town on the important mission of valuating the plant of the Sonoma City Water Works Company for the owners and will submit his figures to the Public Utilities Commission to be compared with the valuation decided upon by its representatives in the near future.

Thoroughly conversant with every phase of local water conditions and with wide experience in the matter of determining values, Mr. Von Geldern's findings will be awaited with great interest. His prestige in matters of this nature and his fair and impartial deductions have commended him so highly to the Railroad Commission that they will confer undoubtedly with him in this instance and by jointly threshing out the problems on which they may be at variance, a just figure will be arrived at.

Mr. Von Geldern declares that the first consideration of the Commissioner's engineer will be the amount of water available and he does not hesitate to say that it will be found ample for a community thrice this size. In answer to the argument that the spring Lachryma Montis is a gift of nature not confined to that particular property, he avers that it is a gift extraordinary and the best supply in this locality. He has not yet examined the pipe lines but believes that there is no pipe made now days but what will stand the pressure to which this distributing system will be subject, provided the joinings are right.

That there will be little discrepancy in the tangible valuation as determined by the company's engineer and the Commission seems

## Held For Observation as to Sanity

Mrs. Mathilde Spindler was taken to Santa Rosa Thursday by Constable Murray where she is being detained, pending observation as to her sanity. The unfortunate woman has been acting queerly of late and her mania for unhitching horses around town became so pronounced that it was deemed advisable to have her mental condition inquired into.

Frank Guilfoyle has been busy the past week pruning and gardening at a number of local homes. Mr. Guilfoyle is the standby of his aged mother, one of our pioneer residents, who is now ninety one years of age.

certain and Mr. Von Geldern is known to favor only such intangible value as has been affixed in many other instances and been accepted as a basis by the Public Utilities Commission and by our Courts.

## TAX PAYERS OPPOSE SALARY RAISE

A petition is being circulated by Louis Breitenbach asking that the salary of City attorney be fixed at \$37.50 per quarter or \$12.50 per month instead of \$25 as at present. Mason & Locke attorneys for the League of California Municipalities drew up the petition. For years the salary was \$12.50 a month but so much work devolved upon the incumbent, Robt. A. Pope that he resigned. His successor, attorney Cowgill demanded a raise which was granted and the salary fixed at \$25 per month.

The action of the City trustees called forth considerable opposition with the result that the petition to the trustees was drafted and has been signed so far by 61 voters.

The opposition to the increased compensation argue that legal service of any nature will be rendered by the Municipalities League, and that stock legal papers and cut and dried opinions can be secured for almost nothing.

## REPUBLICANS OF DISTRICT ORGANIZE

**Representative Men of First Congressional District at Conference in San Francisco**

Some of the leading Republicans of the First Congressional District met in San Francisco Tuesday and perfected an organization which will work to elect a Republican Congressman and get the representation at Washington which has been denied during the regime of Congressman Kent. Resolutions were adopted favoring the securing of "the reallignment of the Republican party of California as an integral and helpful party of the National Republican Party organization."

A party conference will be held after the National Convention when a party platform will be adopted and a candidate for Congress be endorsed.

Edward H. Hart, former candidate for Congress was in attendance at the meeting and declared he would submit his name as standard bearer and if chosen by the conference would be glad to serve the people of the Second District or if not, would get behind any other good and consistent Republican.

## Pleasant Time at Rebekahs

The regular meeting of Verdant degree Rebekah Lodge Thursday evening was followed by a banquet and social time in honor of Miss Ethel Kinne. The banquet hall was tastefully decorated and the table laden with many of the good "eats" for which the Rebekah members are famous. During the festivities at the table the lodge members presented the guest with a set of handsome solid silver tea spoons with sugar shell to match, the design being the simple but handsome Colonial pattern.

Mrs. Helberg entertained the "Flying Needles" at the last meeting and her hospitality was greatly enjoyed by all present.

## Their Year After

San Francisco with its "year after" celebration did not get the response it probably expected from the interior but it is apparent that the country thinks that since San Francisco had all of 1915, it is right and proper that 1916 should not be grabbed up also. We gave the best and the most that was in us to the upbuilding and success and prosperity of San Francisco all during the Fair. The country was practically drained of every cent during the Exposition period.

Now that our people have settled down to business it is no more than right that they should be uninterrupted. Outside of a few paid and chronic enthusiasts, the majority of San Francisco has settled down to business too and their carnival spirit was carefully packed away at the time the Exposition shut its splendid gates not to be disturbed until Spring and Summer should shout an awakening in their ears, the call to the country, to health and recreation which makes the daily grind possible.

We stood the diversion last year, in fact gloried in it, for the Exposition was a wonderful achievement to have participated in; but 1916 is our year. We stand a glad and cheerful lot awaiting the arrival of the tide which is due country ward and we are too busy preparing for our city guests to help out city celebrations. We are making over those mattresses folks. We are feeding the hens for summer laying. We are laying new linoleum. We are painting and papering. We are planting vegetables and flowers for your summer table. We are screening in the windows and the doors. We are coaxing along the hay for those hay rides. We are fattening up the angle worms for that fish. We are ramrodding the old shot guns for that hunt. We are putting in every dollar laying around loose on that car for those rides. We are ordering all the new songs like "Wai-ki-ki" because you thought "Dixie" was too old. We are buying every pattern that comes out so you won't be ashamed of our narrow ways. We are making lots of ice and have a nice ice man. We are training the thermometer to take its time getting up. We are turning out ravioli right along that would make the Gianduja and Dante patrons come up here every Sunday right now if they only knew it. We are building more auditoriums and places to dance. We are improving our plaza. We are getting ready for an election and can assure you of a more handsome Mayor than Jim Wolfe. We are moving into our new school which is city like in every respect. We believe in preparedness. Whether city folks come for a day, a week or a month or whether they decide to stay and build an artistic bungalow here, Sonoma Valley will always be ready for them. The latch string is out but that is why we must stay home and keep our house in order. The "Year After" or any celebration akin to it must not obtrude in 1916.

## It is Your Duty to Register

It is your duty to register so do so at once. The ballot should not be looked upon lightly, but as a great privilege of which we should avail ourselves. Our surroundings will be what we make them, but talk will not do it. By means of the vote we can record our views and achieve results. Nothing should interfere with the performance of this duty to self, fellow citizens and posterity.

Put yourself in a position to deal with problems that will arise. If you are not a voter you are powerless. Go out and register at once.

## Tat-Tat-a-Tat

How nice that from care  
 Man can sever  
 Himself in a way that is clever;  
 When baseball routs his troubles  
 With pleasure he fairly o'er bubbles.  
 And woman, lest we be forgetting,  
 Is not only just suffragette;  
 As man cheers o'er his hobby, batting,  
 So she beams, over tatting;  
 Tat-tat-a-tat  
 There's a rage now for that  
 The beautiful, fine art of tatting.

Dr. Dawson, Superintendent of the State Home, states that 1000 feeble minded people in this State should be in his institution. These must be readers of dry literature and should be taken up by all means before the election when feeble minded and ill advised might vote the way of paid agitators and put California in the dry column. Let us eliminate this possibility even if we have to build a Feeble Minded Home twice as big.

## WOULD ELIMINATE CITY BREAD

L. A. Roth, formerly a foreman of the Kellogg Food factory at Battle Creek, Michigan and later of St. Helena, is preparing to start the operation of his new baking plant at Buena Vista where he has installed a rotary oven of his own invention and can turn out an unlimited amount of loaves daily.  
 Mr. Roth plans to place his bread in the stores of Sonoma and thus do away with the necessity of bringing in bread from San Francisco and Santa Rosa. He aims to build up a large demand for a home product. He is a property owner in our Valley having come here six or seven years ago and invested in acreage which he has highly improved. At one time he operated a bakery in Papeete, Tahiti and was the only maker of American bread there.

## PASTOR IS WELL

RECEIVED  
 Rev. E. H. Pfeiffer who occupied the pulpit in the Congregational Church last Sunday was so well received that he has been asked to come again this Sunday and will be heard at the morning and evening service tomorrow. Mr. Pfeiffer is formerly of New York and is a eloquent and inspiring speaker.  
 Since the resignation of Mr. Price, various pastors have been filling the pulpit and a minister will not be chosen permanently until later on.

## FETTERS PROVES ITS POPULARITY

The large crowd which began to arrive at the Fetters Springs theatre last Saturday night for the Old Clothes Ball, demonstrated the popularity of the big resort and everyone who attended had a fine time. The orchestra is without a peer in the valley and did itself proud on this occasion. There is quite a colony of summer home dwellers in the vicinity of Fetters and most of them were up from San Francisco and suburbs with a number of guests to attend this highly successful affair.

## ENTERTAINS FOR CANADIAN GUEST

Miss Burchard, the popular Grammar School teacher, entertained last Saturday in honor of Mrs. Kidd who is here from Canada and has been the motif of several very nice affairs while in our Valley. Almond blossoms, snow drops and daffodils were used in the decoration of the rooms and cards and social conversation passed away a very enjoyable afternoon. A delicious repast was served before the guests took their departure for home.  
 Among those present were Mesdames Wicker, Hays, M. Clements, W. Clements, Kidd, Stofen, Stonier, Misses Stofen and Burchard.

## SONOMA BOYS ENJOY NORMAL

Hamil Wagnon and George Chase, who recently entered the Chico Normal School, are highly pleased with their choice of this institution, from which in two years they expect to graduate as teachers. They praise Allison B. Ware the principal very highly and are much interested in the fine courses of instruction offered. The boys are "batching" it but get most of their meals at the Domestic Science Cafeteria of the Normal, which furnish wonderful meals at a minimum cost. It is not uncommon to have roast pork, apple sauce, spaghetti, bread and butter, lemon pie and milk the entire price of which is between ten and fifteen cents. Scientifically prepared from the best materials the food could not be better.  
 Intellectually and dietetically, Hamil and George are being well cared for.

## WOMAN ACQUITTED OF DEFRAUDING

Rosa Williams of San Francisco plead "not guilty" to defrauding the proprietor of Clements Inn out of a \$80 board bill, when she appeared before Judge Small to answer the charge Thursday. Clementi brought with him to prove that the woman had been a guest at his resort and owed the money out counsel for the defense, C. S. Dudley of San Francisco argued that no intent to defraud could be shown, which must be proven before a conviction on the charge could be expected, wherefore he asked for a dismissal.  
 Attorney Frank Sprague appeared on behalf of the Chamber of Commerce and asked that the costs of the suit be charged to the complainant in that too many hotels keepers sought to collect their bills via criminal instead of civil court procedure. Judge Small however refused to assess the costs to Clementi. He dismissed the case against the Williams woman.

### COLONIAL BALL BIG SUCCESS.

The Colonial Ball given at Agua Caliente Springs Auditorium last Saturday night, was a grand success. The large hall was tastefully decorated in flags and bunting and the fine large dancing surface was crowded with dancers eager to rag to the strains of the excellent music furnished. Parties from San Francisco, Napa, Santa Rosa, Glen Ellen and Petaluma were in attendance and many automobiles were parked outside the brilliantly lit entrance to the hall.

The prize dancing was a feature which was very interesting as couples from the various cities represented contested, for the prize waltz and prize two step and admirers of each applauded their favorites as they showed their skill.

At midnight supper was announced and after returning from the grill, the dancers continued to make merry until 3 a. m.

### DEATH OF FORMER LADY RESIDENT

Mrs. A. Matli of San Francisco wife of the well known proprietor of "Louis' Restaurant", passed away recently and is mourned by her husband and two lovely children.

Mrs. Matli resided in Sonoma shortly after the earthquake when her husband opened a fruit store here in the Dal Pogetto block. She was a girl hood friend of Mrs. Chas. Dal Pogetto in Italy and both were brought up in Crovilo, the province of Novara.

Some years ago Mr. and Mrs. Matli returned to San Francisco and Mr. Matli's restaurant proved very successful. The good wife and mother however, was not destined to share long in their prosperity and died a week ago Sunday after a short illness, although everything possible was done to save her.

The family have the sympathy of many Sonoma Valley friends in their sad bereavement.

### NARROW ESCAPE IN AN AUTO ACCIDENT

Mrs. Elizabeth Shepard, sister of Jack London, the well known author, narrowly escaped being seriously injured last week, when the steering gear to her auto came loose and her car dashed into an embankment alongside the road she was traveling.

If the knuckle had broken on the other side of the car it would have been turned over a high embankment and the occupants either killed or badly injured, as it is a bad spot where the accident occurred.

As it was the car was stopped and the occupants escaped without a scratch. Word was sent to the Mission Garage at Sonoma and a car with machinists went to the scene and made repairs before the auto could be taken home.

Mr. and Mrs. Ralph Hotz motored to Healdsburg Tuesday. Their destination was the Citrus Fair but a broken spring prevented them from going all the way.

Mrs. F. T. Duhring who has been ill is now fully convalescent and attributes her cure to the healing mineral water of our Valley.

### TALK ON MEAT INSPECTION

Dr. Jackson Temple of Santa Rosa Board of Health addressed the City Trustees Wednesday evening on the subject of meat inspection. The talk was given to enlist the support of Sonoma in the movement to have a County Board of Inspection pass on all meats intended for consumption, the idea being to prevent the sale and distribution of tubercular infected stock. Dr. Temple pointed out that under the new law regulating dairies there will be grave danger of diseased cows being sold off and that unless there is rigid inspection the health of the entire county will be in jeopardy.

Sonoma's city dads listened to Dr. Temple with great interest and asked for a copy of the ordinance to be drafted calling on the Supervisors to provide the protection and relief sought by appointing a competent Commission of Inspection. After the ordinance is framed and has been read by the trustees here, they will vote on the endorsement of it.

Sam Lewis addressed the meeting and went on record as favoring inspection providing the ordinance was not discriminatory and was applicable to small abattoirs as well as the big plants such as they have at Santa Rosa.

### APRON SHOWER AT HUNTER HOME.

Mrs. Ray Hunter gave an apron shower for the popular bride elect, Miss Ethel Kinne, last Saturday afternoon. Her guests were all members of the Rebekahs and they proved themselves artistic as well as practical designers, for aprons of every style, size and hue from dainty, filmy conceits of the tea table to the most practical coveralls, were bestowed upon the guest of honor, much to her surprise and delight.

The Hunter home was festive in yellow jonquils and the dining room was resplendent with spring blossoms. Here a dainty repast was partaken of and a jolly time passed in toasting Miss Kinne and wishing her every good fortune. About fifteen guests were entertained by Mrs. Hunter assisted by her mother, Mrs. Wm. Hanger, their charming Southern hospitality being as usual much complimented.

Mrs. J. K. Bigelow has organized a new Bridge Club and many pleasant afternoons are being planned by the coterie of ladies who will meet together during the coming Spring. Among the members are Mesdames Hill, Stofen, Macintosh Shaw, Otto Wagner, Duhring and Bigelow.

### ARE PLANTING OUT PLAZA

Emil Segourant, late of the Panama-Pacific Exposition gardening staff and now a local business man has been supervising the planting of the rare flowers and shrubs donated by Monisieur Calieud to the Plaza.

The walks leading up to the Library have been planted to lilacs which are about ready to bloom and rose beds containing some very choice blooms have been laid out on each side of the main entrance. The tall showy Canna has been planted in the midst of the patriotic exercise area, while pampas, bamboo and kindred plants are used to vary the landscape where the trees are far apart. Border plants have also been used effectively along the walks.

The roses are two or three years old and should produce some beautiful blooms about June. Altogether our Plaza will be very attractive this summer.

### FINE TALK BEFORE CLUB

Miss Margaret Andrews of Mills College faculty addressed the Womans Club last Friday at their social afternoon, her theme being "Pageantry." The speaker proved delightful, her personality, knowledge and experience combining to make her talk most instructive and interesting. Miss Andrews traced the origin and history of the pageant, its pronounced place in literature and recent revival both in England and in this country where many allegorical and historical pageants has been produced most successfully. She spoke of the four or five spectacles which have been given at Mills and also brought out the possibilities Sonoma has in natural setting and back ground for a historical pageant.

Mrs. B. F. Campbell was hostess of the afternoon and served tea at the close of this very interesting meeting.

Friday, March the seventeenth the boys will give an entertainment and dance at Union Hall. A dramatic skit is said to be in course of preparation with a prominent young man in the role of the beautiful heroine.

In regard to the plan for laying off a tennis court and athletic field on the west side of the Plaza, the club was advised to wait until the walks were macadamized, at which time the tennis court could be better located and made to conform in surface with the roadways.
